Mercian

High-performance wall-mounted luminaires

A high-performance, vandal-resistant luminaire, the Thorlux Mercian is photometrically designed to enable wide spacings in outdoor environments.

Mercian is manufactured with a die-cast aluminium body and impact-resistant, flame-retardant, UV-stabilised prismatic polycarbonate cover. This hard-wearing luminaire is rated IP65 for water and dust ingress protection and IK10 impact resistance. It is simple to mount using external stainless-steel brackets and is available with optional SmartScan controls, eliminating the need for extra cabling.

Applications: walkways and entrance areas, commercial premises, educational institutes, and hospital/healthcare buildings.

- Strong pressure die-cast LM2 aluminium body prevents distortion when fixing and preserves IP rating
- Spacings up to six times mounting height
- Optional photocell control
- Tamper-resistant cover screws available
- Simple to fix using external stainless-steel brackets and two lower points, all external to gasket line to preserve IP rating
- Complies with M.O.D. JSP482 Chapter 8 Document for ‘Category C’ areas
- SmartScan wireless technology removes the need for control cabling. Ideal for retro-fit
