# SmartScan Scene

## Wireless scene control of SmartScan luminaires

The SmartScan Scene is a compact, impact-resistant, wall-mountable manual control panel for SmartScan luminaires.

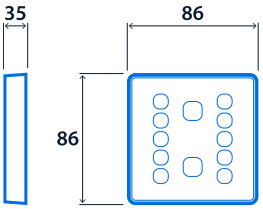

The SmartScan Scene features 12 buttons, which enable switching on (eco) or off, with five programmable scenes and five fixed dimming levels. It can be powered with batteries or connected to the mains.

- 12 buttons providing On (Eco), Off, 5 programmable scenes and 5 fixed dimming levels
- Mains (230 V) or battery powered versions available
- Communicates wirelessly with SmartScan luminaires
- Mains versions have additional wireless connectivity allowing control from the SmartScan App (iOS and Android)
- Requires a 35 mm deep single-gang back box (mains version only)
- Battery version is supplied complete with batteries and self-adhesive tape and can be mounted directly to the wall
- Multiple touch plates can be used to provide multi-point control
- Programmable using the SmartScan programmer
